THIRTEEN TEAMS WILL PLAY IN BASKET TOURNEY

More Teams May Enter Tourney, to Be Held March 8 and 9.

With only one more game remaining on the Richmond high school basketball schedule, basketball fans are turning their eyes to the probable results of the district basketball tournament which will be held at the Coliseum, March 8 and 9.

The dope bucket was somewhat upset last week when Richmond met defeat at the hands of the Rushville five and then went to Shortridge and registered a defeat against that team. Shortridge in turn upsetting all calculations as to how strong the Rushville basketball five was by defeating it.

However, basketball fans will get to see both teams in action here March 1 when the Rushville basketball five plays the Richmond basketball quintet in the last game on the high school schedule.

Twelve to fourteen basketball teams will compete in the coming tournament.

Information has been received that the following teams will play here in the tournament.

The high schools represented are as follows: Fayette county, one, Connersville; Franklin county, one, Brookville; Randolph county, three, Winchester, Union City and Lynn; Rush county, three, Rushville, Carthage and Milroy; Union county, one, Liberty; Wayne county, four, Fountain City, Cambridge City, Hagerstown and Richmond.

All members of the Richmond high school basketball team were out to practice with the exception of Van Allen.

The team, however, will be ready for the game with Rushville, Friday, March 1. The game scheduled with Shortridge here Friday night will probably not be played as it is probable that that team will cancel the game.

Individual and Double Teams Hold Board at Cincy Bowling Tourney

CINCINNATI, O., Feb. 19.—Cincinnati individual and double teams held exclusive use of the sixteen alleys at the armory here in the second day's rolling of the American Bowling Congress. Few high scores were made during the afternoon shifts, although some of the double teams appear to have a chance for low money.

In the singles bowling the highest three-game score rolled up was 628, made by R. Michaelson. A Hilton was close to him with 620, while P. Dean was third with 609. The newness of the alleys and pins had something to do with the manner in which the pins refused to fall, in the opinion of observers. These three high individual scores were made in the first shift.

The first squad of doubles established a high mark of 1,085, made by Rothaas and Thomas, but this mark was topped by three other teams in the second shift, the high score for the afternoon's bowling in doubles being 1,174, made by Hoffeld and Goettin. Frey and Kamel were next with 1,118, while third high team was Wellman and Warken, with 1,101. None of these scores probably will stand long. Not until Tuesday evening will any out-of-town bowlers get into action, the Neuberth Colt of Newark, N. J., and Cabanne Five, St. Louis, being scheduled to roll in the first night shift.

The individual bowlers in the second shift, late in the day, failed to top the high score of 628, made by R. Michaelson.

Earlham Track Men are Coachless; Lewis Quits

Earlham college faces the problem of getting a track coach as Coach Walter Lewis, who has been coaching the Earlham fleet foot group, has accepted a new position at Indianapolis.

With many things eluding out for practice, Earlham finds herself coachless. As yet no arrangements have been made toward getting a new track and baseball coach, according to the announcement made there Monday.

Coach Mowe, however, will continue coaching the basketball veterans on their way to the I. C. A. L. muslin.

Dishing Up the Sport Dope by JACK KEENE

After fruitless efforts to get a large piece of change out of President Baker of the Phillies who sold him to the Cubs, Grover Alexander has picked up a new idea. He's going to try to get the money out of Charley Weeghman. Grover found that Baker couldn't be bluffed or wheedled, so now he will try his luck with the Cub owner and he may have a better change there at that. Weeghman still has money to burn, it is generally admitted, and Grover might be able to nick him for a bit of it. Most of the National league magnates are urging Weeghman to ignore Alex's pleas or threats, but one

hears that Charles is disposed to weaken and comes through. Alexander wants ten thousand of the purchase money or a ten thousand dollar bonus in addition to his salary of \$12,000. Whether he gets it or not it's a cinch his chances are better with Weeghman than with Baker.

With the International league apparently down and out, the Baltimore, Newark and Toronto clubs will remain intact for the purpose of playing Sunday exhibition games at home with National and American league clubs.

But the players who will wear Baltimore, Newark and Toronto uniforms probably will have to work on a co-operative basis with their employers. These fellows can consider themselves extremely fortunate in view of the fact that the players of the other International league team will be thrown out of employment.

Since Mike O'Dowd won the middleweight championship by flattening Al McCoy last November, the new title holder has not defended his honors in the ring. But O'Dowd finally has arranged a match and he has picked out Harry Greb, the toughest middleweight now performing. Win or lose, this will be O'Dowd's last battle in some time, as he has been called upon to act as

Set 'Em Up On The Other Alley

The K. of C. league rolled Monday night on the Twigg alleys even though each team was short some of its men. Quinnivan coped the individual honors with a high score of 212 and high average of 204.

Today's Thrift Stamp Winners

If the children of Wayne county have their way, the war is going to be won by buying Thrift stamps, according to their sentiment as expressed in limericks. They are fond of saying the "meanest" sort of things about the Kaiser and each and every one hopes for his speedy downfall.

Today's four best limericks are: Uncle Sam's boys have gone over to conquer the murderous Hunns. And it's up to each American kiddie to stop their chewing gum.

And save their nickels and pennies and then a Thrift Stamp buy; It wouldn't be long till the Kaiser would be eating "humble pie."

—Maxine Campbell, 74 South Sixteenth street.

I like a patriotic boy Who says: "Dear Uncle Sam— For you I'll buy a Thrift Stamp, For I'm your little man."

And when our soldier boys come home, And old Kaiser Bill is sore, Then Uncle Sam may say, "My boy, You helped to win the war."

—Billy Doney Scott, Cambridge City.

Every little Thrift Stamp has a value of its own.

For all the little Thrift Stamps constitute the loan That will help to lick the Kaiser, And bring our Sammies home.

—Helen Sackman.

To help the U. S. A. Invest in a Thrift Stamp today: To comfort the Sammies in the trench, Also the British and the French.

GERMAN DRIVE

[Continued From Page One.]

appear to have the conviction they will be able to break through by means of their "secret attacks."

Gen. von Huner who is reputed to have laid the plans for the capture of Riga, has come to the western front to assist in the preparation. The lessons of the capture of Riga have been preached religiously to the German troops. It has been pointed out that there will be preliminary bombardment of four or five hours to cut the enemy wire and demolish defenses being sufficient to give the Germans a firm footing in the Russian positions. The enemy troops have not been told, however that the morale of the Russians at Riga was very low and that the German attack was a complete surprise.

Keyed to High Pitch.

The Germans will find the allied morale at the highest pitch on the western front and their attack will be far from the surprise desired. The allies are ready for a big blow and await with assurance the next move of the German high command.

The German attack cannot be delayed much longer. All information points to the fact that both German civilians and soldiers are keyed up to such a pitch of nervous expectancy that the strain cannot endure for long. They are waiting for the attack with feverish hope that the high command can this time make good its promise. The German troops are expected to fight well.

The coming battles will perhaps be the most sanguinary of the war and they will be the most intense yet seen. But they will mark the beginning of the end, for if the Germans do not break clear through the allied line—and they cannot—they virtually will be finished. The emperor is putting every ounce of strength into this great gamble and if it fails in the early stages it means the end of Prussian militarism.

The allied forces have a superiority in numbers, both in men and guns and no doubt is felt on this front as to the outcome.

Greensfork Telephone Company Petitions for Increase of Rates

A four percent increase in telephone rates, has been petitioned the state public utilities commission by the Operative Telephone company of Greensfork, north of Richmond. The petition states that the increase in price is necessitated by the high cost of material and labor claiming that the present rates do not provide sufficient revenue for the maintenance of the plant. The present charge for service made by the company is \$1 a month for resident telephones, and \$1.25 for business telephones.
